Dear Clients,

Please be advised that Euronext FX and Euronext Markets Singapore have posted updated Fee Schedules for Spot FX and Precious Metals, as well as NDFs, trading over their trading platforms, which will take effect January 1, 2027. Changes are highlighted below:

Anonymous session	
Making	**$3.00** per side. When ADV per calendar month aggregated across all lit Making sessions is less than $300mm, fee will increase to **$3.50** per side. When quotes are configured as dark, fee will increase to $3.50 per side.
Taking	**$3.00** per side.
Disclosed session	
Making	**$1.50** per side.
Taking	**$1.50** per side.

CCP usage may incur an additional surcharge of $3.50.

Note: fee is expressed in USD per million or equivalent notional traded. Where conversion to USD or SGD is necessary in order to calculate and invoice Fees, Euronext FX will utilize the previous trading day's 4 p.m. SafeMatch price.

Port Fees	
FIX Market Data Port	$400 per month.
ITCH Market Data Port	$400 per month.
Order Entry Port	$400 per month.

RESTRICTED

Discounts:

	Discount
New Participants	No Port Fee will be charged for first three months immediately following successful completion of testing in production.*
All Participants	Fees for 2 Ports will be charged at a discounted rate $50 per port per calendar month for every $0.6 billion or equivalent notional traded during that month.**

*New clients will get 3 calendar months for free in addition to the remaining days of the go-live month.

**Port fees discounts for Euronext FX are based on combined volume traded on the New York, London and Tokyo matching engines. Port fees discounts for Euronext Markets Singapore are based on volume traded on the Singapore matching engine.

- Ports disengaged part way through a month will be billed for the entire month.
- Additional ports created for current clients will be billed for the entire month (port is considered live following successful completion of testing in production).

When sponsoring physical connectivity, Euronext FX will charge the following cross-connect and transcontinental link fees:

Cross-connect Fees	
NY4	$550 per month.
LD4	$550 per month.
TY3	$550 per month.
SG1	$550 per month.

Each new cross-connect will be charged a one-time setup fee of up to $1500.

Transcontinental link fees	
Fee per link	$1250 per month.

Other fees from third-party vendors utilized by or at the request of User will be passed through to User, unless otherwise stated in the applicable User Agreement.

Euronext Markets Singapore NDF Platform (RMO) – NDFs Fee Schedule

1. Euronext Markets Singapore RMO:

Anonymous session	
Making	$5.00 per side
Taking	$5.00 per side
Disclosed session	
Making	$3.50 per side
Taking	$3.50 per side

Note: fee is expressed in USD per million or equivalent notional traded. Where conversion to USD or SGD is necessary in order to calculate and invoice Fees, Euronext Markets Singapore will utilize the previous trading day's 4 p.m. SafeMatch* price.

- Fee applies to all Participants except as otherwise provided in applicable Euronext Markets Singapore contract.
-

*SafeMatch is the rate calculated using the average mid-price 2.5 minutes before and 2.5 minutes after the hour at 4pm UK time on the Euronext FX ECN.

2. Physical Connectivity and other Third-Party Fees:
Fees for physical connectivity, cross-connects and other third-party vendors utilized by or at the request of Participant will be passed through to Participant, unless otherwise stated in the applicable Participant Agreement or NDF Addendum.

3. Port Fees ("Port Fees"):

Port Fees	
FIX Market Data Port	$50 per month.
ITCH Market Data Port	$50 per month.
Order Entry Port	$50 per month.
